 sjazny@vols.utk.edu

 www.github.com/Jazny

Computer science student currently pursuing undergraduate at UTK (3rd year). I aspire to approach any opportunity with humility and comradery. This attitude has helped me cultivate fundamental skills in algorithms, web development, design, and general UI development.

Program

University of Tennessee, Knoxville

Bachelor's in Computer Science

Expected graduation: Spring 2024

Overall GPA: 3.38

Major GPA: 3.5

Experience

Federal Credit Union Intern

Y12 Federal Credit Union

Aug 2018 - Dec 2018

Federal Credit Union consultant

- Accounting transactions for up to \$50,000 a day
- Account generation + financial accounting of daily deposits/ withdrawals

Web Developer (Volunteer)

Tennessee Lunabotics

Aug 2021 – present

Tennessee Lunabotics is the official UTK organization dedicated to NASA's robotics mining competition.

- build a website without a static site generator
- JavaScript Integrations via Bootstrap

Group Project Manager

MeowTillery

Aug 2022 - present

MeowTillery is a start-up platformer game built with GD Script. Progress of this start-up can be seen at:

<https://github.com/Jazny/MeowTillery>

Relevant Coursework

Computer Organization, Data Structures & Algorithms 1, Data Structures & Algorithms 2, Systems Programming, Discrete Structures, and Algorithm Automata.

Skills

Technical

- C & C++
- HTML, CSS, and Bootstrap
- Unix & vim
- Github, GitLabs, and Bitbucket
- VS Code
- GD Script

Social

- Kurdish (fluent & native)
 - English (fluent)
 - Arabic (beginner)
-
